

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

On the election and qualification of the board of legislation in such cities as herein provided, the board of council therein is hereby abolished. The board of legislation shall consist of as many members as there are wards in any such city, composed of one member from each ward of such city, to be chosen at the annual municipal election by the qualified electors thereof, for a term of two years; provided, however, that at the first election held under the provisions of this act the members of said board representing the even wards of such city shall be elected for a term of one year, and those representing the odd wards thereof shall be elected for a term of two years, provided that nothing herein contained shall affect the terms of members of boards of legislation heretofore elected, and thereafter at the expiration of said terms

Every member of such board shall be not less than twenty-five years of age, and shall have been a citizen of the state for four years, and a resident of such city and ward for one year next preceding the date of his election. No member of said board shall be directly or indirectly interested in any contract with such city or any department or institution thereof, nor shall any such member during the term for which he is elected hold any other public office, appointment or employment except that of notary public or member of the state militia. Any member who shall at any time during his term cease to possess any of the qualifications mentioned in this section shall thereby forfeit his office, and the same shall immediately become vacant and be filled as hereinafter provided. Such vacancies shall be declared by the board, and in case the board shall fail for a period of ten days to declare such vacancy the mayor is hereby authorized and required to do so. All vacancies which may occur in the board of legislation from any cause whatsoever shall be filled for the unexpired term by election by a majority of all the members elected thereto. The members shall, within ten days after each annual municipal election, meet and organize the board, and the mayor, or in his absence the clerk, shall call to order the members elected and the members holding over. A majority of the members shall constitute a quorum for the transaction of business, but a smaller number may adjourn from time to time and compel the attendance of absent members. The board shall, annually, elect a president and vice-president from its own body, and shall, at the expiration of the term of the city clerk, also elect a city clerk, who shall be the clerk of the board, and shall serve as hereinafter provided; but the board shall not have power to choose, select or appoint any other officer or employe whatsoever. The president shall, biannually, as soon as the board has organized, appoint a sergeant-at-arms, who shall perform the duties belonging to such office until his successor is appointed. The board shall determine the rules of its proceedings, be the sole judge of the qualifications of its members, keep a journal of its proceedings, and may punish or expel any member for disorderly conduct or violation of its rules, or declare his seat vacant by reason of absence without valid excuse, where such absence is continued for the space of two successive months; but no expulsion shall take place except by a vote of two-thirds of all the members elected, nor until the delinquent member shall have an opportunity of being heard in his defense. the commissioners shall adjourn to some future time, not exceeding twenty days, and shall order such notice to be given. On the day fixed by the commissioners for final hearing they shall meet at the time and place appointed, and shall then and there state and make known to the petitioners the amount asked by the owner or owners of such mill-dam or mill-dams of all their right, title and interest to and in the same and the franchises pertaining thereto, and for the right to remove the same, so that the waters of such stream shall pass through without hindrance, and the necessary cost of removing said mill-dam or mill-dams, as estimated by said engineer or surveyor, together with all other taxable costs of the proceedings. And it upon such statement no objections be made thereto by said petitioners, or either of them, said commissioners shall make a record thereof. Said commissioners shall apportion to each of said petitioners and all other land owners benefited by the improvement, in a fair and equitable manner, according to the benefits to be derived therefrom, as nearly as can be done, all the costs of the proceedings, as in county ditch cases, the amount asked by the owner or owners of said mill-dam or mill dams and agreed upon as above, and the amount of cost necessary to the removal of said mill-dam or mill-dams, as reported by the surveyor or engineer. Upon failure to agree with the owner or owners of such mill-dam or mill-dams, or on having agreed, if upon such statement objections be made thereto by the petitioners, or either of them, then the proceedings as to appeals, applications for damages, and in all other respects shall be taken to determine the amount of damages to be awarded to land owners affected, as is provided in the statutes as to the location and establishment of county ditches; and if the lands affected are situated in two or more counties, the proceedings shall be governed by the provisions of the said ditch statutes. (But in any case where a mill has become useless or has been destroyed and has so remained for more than ten years, without any attempt to repair or rebuild the same, the mill-dam and water-rights and privileges belonging to the same shall be deemed abandoned, and the right thereto as against the public health, convenience and welfare, under this act shall cease and be barred; and the commissioners may, under this act, without bargain or compensation, cause such mill-dam to be removed and the watercourse upon which it is located cleaned out and improved, when an apportionment has been made as hereinbefore stated.) The commissioners shall then order the said amounts to be placed upon the tax duplicates, against the real estate of said petitioners, and all other land owners benefited by the removal of such dam, and to be collected within the time, and to meet the payments as far as practicable in conformity with the provisions of the county ditch law, whether agreed upon between said commissioners and said mill-dam owner or owners, or fixed by the commissioners or otherwise in pursuance to the provisions of the laws relating to county ditches, adding to the first year's assessment the taxable costs of the proceedings and the estimated costs of removing said mill-dam or mill-dams.

Said assessment shall be collected the same as other assessments against real estate and paid into the treasury out of the county wherein said petitioners reside, and wherein said mill-dam or mill-dams are situated, and shall be paid out by the county treasurer on the warrant of the county auditor, who shall issue his warrants in accordance with the records and orders of the county commissioners. The surveyor or engineer appointed by the commissioners shall sell at public outcry the work of removing such mill-dam or mill-dams, and supervise the same as stated in sections forty-four hundred and seventy-five, forty-four hundred and seventy-seven and forty-four hundred and seventy-eight of the Revised Statutes of Ohio.

SECTION 2. That an act entitled "An act to provide for a board of elections for certain specified counties," passed April 12th, 1889 (86 O. L. 258), as amended April 30th, 1891, be amended so as to read as follows:

Board of elections:

AN ACT

Enlarging the duties of boards of elections of certain cities.

Sec. 1. In any county having within its territory a city of the first class, the election precincts of the county not included within the city, shall be held and deemed to be election precincts of the city for the purpose of conducting and supervising elections therein, and the board of elections heretofore established in such city shall have direction of elections in such precincts and throughout such county; and all the provisions, duties, penalties and requirements contained in section two thousand nine hundred and twenty-six of the Revised Statutes, and supplemental sections as heretofore amended shall apply and be in full force as to all elections held in such county, as well as such city except as herein specified; and the members, secretary, deputy secretary, clerks and assistants of such board shall be electors of the county and not of the city merely.

Conduct of elections in counties containing cities of the first class.

Sec. 2. The following provision[s] included in this section, shall apply only to elections in precincts not included in such city:

Provisions applicable to elections in precincts outside such cities.

Registration of electors, as provided in the above mentioned sections, shall not be required.

The board of elections may, in its discretion, authorize the judges of elections to omit the meeting for organization, provided in section 2926a, but in all such cases the judges shall organize, as therein required, on the morning of the election, before opening the polls.

The board of elections may, when expedient, permit the oath required by section 2926 to be administered by any officer authorized to administer oaths without the appointee appearing at the office of the board, and any such officer is required to administer such oath without compensation; but in all such cases the oath, duly certified, must be filed in the files of the board before the certificate of appointment is issued.

The board may dispense with the notice of appointment, required in section 2926e; when vacancies occurring on the day of an election have been filled, as is required in

said section, and when said notice has been so dispensed with, the appointee shall serve upon such appointment as if he had been appointed by the board.

The board may authorize judges of election to forward, by mail, the certified summary statement of votes required in section 2926p; provided, the said judges shall have announced the vote to the board, by telegraph or telephone, as required in said section, and in section 2926q.

The board of elections shall provide for the safe keeping and delivery of the ballot-boxes as may seem expedient.

**Delivery of
poll-books.**

Sec. 3. At every election, in any county as aforesaid, for state or county officers, or for representatives in congress, or for presidential electors, the poll-book of each precinct, addressed to "the county board of canvassers," as required by section 2926r, shall be delivered at the office of the board of elections. The other poll-book shall be addressed to the "clerk of the court of common pleas," and delivered to him, and he shall preserve it for one year, for inspection as a public record, and shall, upon demand of the board of canvassers, produce any such poll-book for their inspection and use.

The time and manner of delivery of poll-book shall be as provided in section 2926r, except that the poll-books from election precincts not included within the city shall be delivered within twenty-four hours after closing the polls.

The president or secretary of the board of elections may order the summary arrest of any judge of elections in such county, who fails to make return of any election; and it shall be the duty of the sheriff of the county, or of any policeman or constable, to whom such order may be directed, to bring such delinquent judge, together with the poll-book, and other books pertaining to the election or registration, before said board.

**Canvass of
votes, and re-
turns thereof.**

Sec. 4. The members of the board of elections shall constitute the county canvassing board; and all duties, as to canvassing the votes and making returns of the same, now by law assigned to the clerk of the court of common pleas, shall be performed by such board. Within four days after the election in November, and after any special election for county or state officers, or for representative in congress, the members shall meet at the office of the board of elections and organize by choosing one of their number to be president, and appointing a secretary and necessary assistants. They shall proceed to canvass the vote of the county, and make return of the same, as required by section 2926s, and by law.

In case of doubt, or disagreement, so that the board can not proceed with the canvass, a statement, in writing, of the matter in doubt or controversy, shall be made and forthwith submitted to one of the judges of the circuit, for the circuit in which the county is situated; and if the board can not otherwise agree the judge shall be selected by lot. Such judge shall summarily decide upon the matters submitted to him, and his decision shall be final.

Sec. 5. Judges and clerks of election, appointed as herein provided, shall be allowed compensation as fixed in section 2926 $\frac{1}{2}$. Salaries of the members and secretary, as fixed in said section, shall be paid out of the city treasury; and, in addition, there shall be allowed to each member of the board, the sum of five hundred dollars per annum, and the secretary the sum of six hundred dollars per annum, payable quarterly out of the treasury of the county. The expense of the purchase and repair of ballot-boxes shall be paid out of the county treasury.

Compensation of judges and clerks; salaries of members and secretary of board; expense of ballot-boxes.

All other expenses of every description, incurred between the first day of July and the thirty-first day of December, in each year, shall be paid out of the county treasury; and all expenses incurred between the first day of January and the thirtieth day of June, in each year, shall be paid as heretofore provided by law. All payments shall be made upon vouchers of the board, made and certified as required by section 2926 $\frac{1}{2}$ (86 v. 258).

SECTION 3. In all counties other than counties containing cities of the first class, in or for which there is or may be established deputy state supervisors of election, such deputy state supervisors shall, in their respective counties in the conduct of elections, have all the powers and perform all the duties conferred and imposed by this act and the sections of the Revised Statutes amended and reenacted therein, on the clerks of the court and be subject to the same provisions, penalties and requirements.

Deputy state supervisors in counties other than those containing cities of the first class.

Judges and clerks appointed for the several precincts of a county by such board of elections or deputy supervisors or other officer or officers, shall serve as such in the conduct of all elections under this act in preference to the judges and clerks provided for herein, and shall perform all the duties and exercise all the powers and be subject to all the penalties imposed, conferred or prescribed in the sections of the Revised Statutes amended and reenacted by this act upon judges and clerks of elections.

Judges and clerks appointed by board of elections or deputy supervisors.

Such objections, or other questions arising in the course of the nomination of candidates for state offices and presidential electors shall be considered by the secretary of state, and his decision shall be final. Such objections or other questions arising in the course of nominations of candidates for county offices or offices of a district lying within a county shall be considered by the clerk of the county, and objections or questions arising in the course of nomination of candidates for district or circuit offices or offices in a subdivision of a district shall be considered by the county clerks of the several counties comprising the district, circuit or subdivision, and their decision shall be final; but in case no decision can be arrived at, the matter in controversy shall be submitted to one of the judges of the court of common pleas, unless a candidacy for common pleas judge be involved, in which case it shall be submitted to one of the judges of the circuit court, and if the several county clerks can not otherwise agree, such judge shall be chosen by lot; such judge shall summarily decide the question thus submitted to him, and his decision shall be final. Objections and questions arising in the course of nominations for township or municipal offices, or members of the board of education, shall be considered by the clerk of the township or municipality, or both, when township and municipality are interested or parts of either, except that in cities having registration, all such objections shall be considered by the board of elections of such cities; the decision of such clerk or clerks when acting jointly, or board shall be subject to appeal to the clerk of the court, who may submit the question for summary decision to a judge of the court of common pleas, as above; but in municipalities within the terms of this act which are situate in two or more counties, the objection or question may be submitted by the clerk or board thereof directly to the judge. In case an objection is made, or question arises, notice shall forthwith be mailed to the candidates affected thereby, and to any party committee especially interested. 91 v. 119.

SECTION 21. Any person desiring to vote and legally entitled to vote at such election shall give his name, and in precincts where the registration law is in force, his residence to the election officer holding the ballots who shall write the same upon the main stub of the ticket in the blank space provided therefor. Such officer shall then mark upon the secondary stub the elector's registered number, in all precincts in which a registration law is in force, and in all other precincts the elector's full name.

Delivery of ballot to elector.

One of the election officers shall then detach the ballot, with the secondary stub attached, from the main stub, fold

the same, and shall hand it to the elector, and the elector shall be allowed to enter the place inclosed by the guard-rail. The officer shall give him one, and only one ballot.

On receipt of his ballot, the elector shall forthwith, and without leaving the enclosed space, retire alone to one of the voting shelves, and without undue delay unfold and mark his ballot as hereafter described. No elector shall be allowed to occupy a voting shelf already occupied by another, or to occupy a voting shelf for more than five minutes, in case all the shelves are in use and electors waiting to occupy the same, or to speak to or converse with any one, except as herein provided while within the guard-rail. All marks upon the ballot must be made by black lead pencil. If an elector soil or deface a ballot so that it can not be used, he may successively obtain others, one at a time, not exceeding in all three, upon returning each ballot so soiled or defaced, which shall be immediately destroyed; provided, if an elector who has defaced three ballots, shall satisfy the judges that the same were defaced by accident or honest mistake, and not for any fraudulent purpose, the judges shall deliver him another ballot and help him mark the same.

General provisions relating to preparation of ballot.

The elector shall observe the following rules in marking his ballot:

Rules for marking:

1. If the elector desire to vote a straight ticket, or in other words for each and every candidate of one party for whatever office nominated, he shall, either,

For a straight ticket.

(a) Make a cross mark in the circular space below the device and above the name of the party at the head of the ticket; or,

(b) Make a cross mark on the left of and opposite the name of each and every candidate of such party in the blank space provided therefor.

2. If the elector desire to vote a mixed ticket, or in other words, for candidates of different parties, he shall, either,

For a mixed ticket.

(a) Omit making a cross mark in the circular space above the name of any party, and make a cross mark in the blank space before the name of each candidate for whom he desires to vote on whatever ticket he may be; or,

(b) Make a cross mark in the circular space above the name of a party, some of whose candidates he desires to vote for, and then make a cross mark before the name of any candidate of any other party for whom he may desire to vote; in which case, the cross mark in the circular space above the name of a party will cast the elector's vote for every candidate on the ticket of such party, except for offices for which candidates are marked on other party tickets, and the cross marks before the names of such candidates will cast the elector's vote for them; provided, that where two or more persons for the same office are to be voted for in any precinct, as two or more representatives or other officers, and the names of several candidates therefor appear on each party ticket grouped under the office for which all are running, the elector who has marked a ticket in the circular space at its head, and marked one or more of a group of candidates for such office on another ticket or tickets,

When two or more persons are to be elected to same office.

must in addition to marking the ticket in the circular space at its head, also make a cross mark before each one of the group of candidates for such office for whom he desires to vote on the ticket thus marked; or instead of marking the candidates for such office he desires to vote for on the ticket marked by him, he may erase the names of candidates for such office whom he does not desire to vote for on the ticket thus marked by him to the number of candidates for such office marked by him on other party tickets, in which case his vote shall be counted for the candidates for such office not erased; and provided further, if an elector who has thus marked a party ticket in the circular space at the head thereof and marked one or more candidates on another ticket or tickets for an office for which there are more than one candidate on his own party ticket, fail or neglect to indicate either by individual marks or by erasures, as aforesaid, which of the several candidates for the same office on his own party ticket he desires to vote for, then and in such event, the vote shall be counted only for the candidate or candidates for that office that have the distinguishing mark before his or their names.

Surplus marks.

If, in marking either a straight or mixed ticket as above defined, a cross mark is made in the circular space above the name of a party at the head of the ticket, and also one or more cross marks made before the name or names of candidates on the same ticket for offices for which candidates on other party tickets are not individually marked, such marks before the names of candidates on the tickets so marked, shall be treated as surplusage and ignored, and the ballot be counted for all the candidates on the ticket thus marked for offices for which no candidates on other tickets are marked; but this provision is subject to the exception in the proviso in the last paragraph, where two or more persons for the same office are grouped on party tickets.

Submission of question.

In the case of a question submitted, the elector shall make a cross mark in the blank space on the left of and before the answer which he desires to give.

Substitution of name of person not on ticket.

If the elector desires to vote for any person whose name does not appear on the ticket, he can substitute the name by writing it in black lead pencil or black ink in the proper place, and making a cross mark in the blank space at the left of the name so written.

When ballot not to be counted for certain office.

If the elector mark more names than there are persons to be elected to an office, or if, for any reason, it is impossible to determine the voter's choice for an office to be filled, his ballot shall not be counted for such office.

Disregard of technicalities.

No ballot shall be rejected for any technical error which does not make it impossible to determine the voter's choice.

BALLOT—HOW CAST.

Folding of ballot.

SECTION 22. Before leaving the voting shelf the elector shall fold his ballot without displaying the marks thereon, and so as to conceal the same, but show the indorsements

and facsimile of the signatures of the proper clerk or board, and keep the same so folded until he has delivered the ballot to the presiding officer.

One of the election officers shall receive the ballot, detach the secondary stub bearing the elector's registered number or name, and examine such stub for the purpose of identification, and deposit the ballot in the ballot-box; the secondary stubs shall be preserved until the polls are closed and shall then be destroyed before the ballot-box is opened; the elector shall mark and vote his ballot without undue delay, and shall leave said inclosed place as soon as he has voted.

Receipt of ballot; disposition of secondary stubs; regulation as to marking and voting.

No elector, not an election officer, shall be allowed to reënter said inclosed place during said election except for the purpose of voting. No more electors shall be allowed to enter within said rail at any one time than there are voting shelves provided. It shall be the duty of the judges of election to secure the observance of the provisions of this section.

Who permitted to reënter inclosed place; number of electors permitted within rail at one time.

Every elector who does not vote a ballot delivered to him by the ballot officer shall, before leaving the polling place, return such ballot to such officer.

Return of unvoted ballots.

Any elector who declares to the presiding judge of election that for any reason he is unable to mark his ballot shall, upon request, receive the assistance in the marking thereof, of two of the judges of election, belonging to different political parties, and they shall thereafter give no information in regard to the matter. The presiding judge may, in his discretion, require such declaration of disability to be made by the elector under oath before him.

Assistance of judges in marking ballot.

No ballot without the official indorsement shall be allowed to be deposited in the ballot-box, and none but ballots provided in accordance with the provisions of this act shall be counted.

Ballots permitted to be deposited and counted.

SECTION 23. The county executive committee of each party having a ticket to be voted at an election may designate a suitable person to be present as inspector and witness and inspect the counting of the votes in each precinct, and who shall be admitted to said voting place, and who shall be entitled to a copy of the certificates provided for in this act, but no other person except the election officers shall be admitted to said polling place before or after the count begins. Immediately upon the close of the polls, the number of electors entered and shown on the poll-books as having voted, shall be first certified therein and signed by the board of judges and the clerks; and before any other or further proceedings the president or chairman of the board shall make proclamation in a loud voice outside of the polling room, stating the number of voters so shown and certified on the poll-books. The proceeds of said bonds shall be used for the purpose of buying or leasing the necessary land or water sight [right] and material, and acquiring the necessary right of way, also apparatus necessary for fire company, and constructing thereon and therewith a system of water-works for said village, and for no other purpose whatever. The said bonds shall be signed by

the mayor of said village and countersigned by the clerk thereof, and the seal of the village attached thereto, and when sold the proceeds shall be paid to the treasurer of the village, who shall hold and disburse the same as other village funds are by him held and disbursed.

SECTION 2. If any bonds of said village be issued as hereinbefore provided, it shall be the duty of the council of said village annually thereafter, until the said bonds and the interest thereon is fully paid, to assess and levy a tax on all the taxable property of the corporation, in addition to other taxes now authorized by law, sufficient to provide for the payment of said bonds as they fall due, with interest accruing thereon. All earnings from said water-works, after deducting current expenses, shall be paid into the sinking fund and used for the extinguishment of said indebtedness.

SECTION 3. Before said bonds are issued the village council shall submit the proposition to issue said bonds and construct said water-works system to the electors of said village, at a special election to be held for such purpose, at such time as the council shall determine by resolution, notice of which shall be given by the mayor of said village of the time and place of holding such election, and the amount of bonds to be issued, at least ten days prior to the time of holding such election, in a newspaper of general circulation in said village, and the form of the ballot shall be as follows: Those in favor of the construction of water-works and the issuing of said bonds shall have written or printed on their ballots, "Water-works—Yes;" those opposed to the construction of water-works and the issuing of said bonds, shall have written or printed on their ballots, "Water-works—No." The election shall be held in accordance with the election laws of the state, but the poll-book and returns thereof shall be made to the village clerk, who shall present them to the council when the same shall be opened and canvassed, and the result declared and entered upon the minutes of said council, and if it shall appear that the majority of the ballots cast at such election were in favor of water-works and the issuing of said bonds, then the council shall proceed to issue such bonds, and not otherwise; provided, however, before issuing said bonds, or contracting any liabilities whatever, except for the plotting and surveying hereinafter provided for, the council shall fix, by ordinance, on what streets said water-pipes shall be laid, giving dimension and kind of pipe to be used; the number of fire-plugs and distance from each other; the location of the reservoir or dam and such other matters as may be necessary to supply a good water-works system, and to cause plans and specifications therefor to be made and filed in the office of the mayor or clerk of said village. After the passage and publication of such ordinance, as prescribed by law, the council shall advertise for sealed proposals, in accordance with the provisions of said ordinance and plans and specifications, and which proposals may be for a part or the whole of the labor and materials to be furnished, as the council in its discretion may deem best, and if it is ascertained upon the opening of said bids that said water-works can be built complete in every respect, and that good and responsible parties will enter into the contract, with good and sufficient bond that they will build said water-works or such part as may be let to them for a sum for the whole not to exceed the whole amount of bonds herein authorized to be issued, said council shall accept such proposals as in their judgment is most reasonable, economical and satisfactory, and enter into a contract for such purpose, and may issue the bonds as herein provided, and not otherwise.

SECTION 4. No more of said bonds shall be issued than shall be necessary to procure the completion and successfully put into operation said water-works system.

SECTION 5. For the purpose of carrying out the provisions of this act the council shall not be restricted in its proceedings by the provisions of section 1691, Revised Statutes of Ohio, and the councilmen, clerk and other public officers of said corporation shall be exempt from the provisions of section 2702, Revised Statutes of Ohio.

If the land necessary for such extension, not dedicated to the public for the purpose, together with the land and easements necessary for lateral supports and for the supports of the viaduct, or any part thereof be acquired by purchase, the same shall be at a price not to exceed a price to be fixed by the board of administration of said city. And as to the land required for such extension, and the land and easements necessary for lateral support and support of viaduct not acquired by dedication or purchase as aforesaid, said commissioners shall appropriate the same, and for such purpose they may bring proceedings in the probate court of the county or common pleas court in the same manner as is provided by law for the appropriation of private property by municipal corporations.

SECTION 2. To provide a fund to pay for such extension of West Eighth street and for the construction thereof and of the bridge or viaduct, as hereinafter provided, said board of county commissioners shall, upon the request of said board of administration from time to time, and as often as said board of administration think necessary, borrow and pay into the county treasury such sums of money as may be stated in said requests, not exceeding in the aggregate the sum of \$60,000, at a rate of interest not exceeding four (4) per cent. per annum. To secure the payment of the principal and interest thereof, the commissioners of said county shall issue bonds of said county in the mode and manner prescribed

by sections 871 and 872 Revised Statutes of Ohio, and the act passed March 22, 1883, entitled "An act for the sale of public bonds" (80 O. L. 68); provided, however, that said bonds shall be issued with coupons, or registered, due in twenty years, but redeemable at any time after ten years from date. The commissioners of said county shall, annually, at their June session, in addition to all other taxes authorized by law, levy such amount of taxes as will pay the interest on such indebtedness and create a sinking fund necessary to redeem the same at maturity. Said improvements shall not obstruct said Boldface road, but shall pass over the same by a viaduct or bridge so as to leave a space of not less than nineteen feet in the clear above the present grade of said Boldface road. And in making the improvements herein provided the said board of administration shall be governed by the same laws and rules under which all street improvements are now made in such city; provided, however, that the said board of administration shall have exclusive authority to pass all necessary resolutions and ordinances and to take all other necessary steps without any action or concurrence on the part of the board of legislation of said city.

SECTION 5. Disbursements for said improvement shall be upon orders signed by the president and clerk of the board of administration of said city when drawn pursuant to a resolution passed at any regular meeting of such board, on which orders the county auditor of said county shall issue his warrants to the treasurer of said county, to be paid out of the fund above provided for the sale of said bonds. If, on the completion of said improvement, an unexpended balance of said fund shall remain in the county treasury, such balance shall be immediately placed and kept to the credit of the sinking fund provided by this act.

Instructing the senators and requesting the representatives in congress to take action with reference to Temple farm and Moore house at Yorktown.

WHEREAS, The Moore house and Temple farm, upon which it is situated, at Yorktown, Virginia, will carry with them through all time the memories of the siege and victory, by which the allied armies of France and the American colonies secured our nation's independence; and

WHEREAS, During the recent centennial celebration of the event by the citizens and representatives of the republic of France and the United States of America, the hope was expressed by the descendants of the officers of both France and America, who commanded on the field in one thousand seven hundred and eighty-one, that the farm and house should be preserved and perpetuated as a memorial of the friendly alliance which then and ever since has existed between the people of the two nations, as well as in respect to the memories of those who fell in or survived the struggle that ended the protracted war and gave peace and hope to a then impoverished people; and

WHEREAS, It is stated the property can at this time be secured for a nominal sum, and that the product of the farm will probably be ample to preserve and keep the buildings in repair, and which are so located as to be well adapted for government purposes on occasions of naval inspections and reviews on York river; and

WHEREAS, The sentiment expressed by representatives of the French republic and descendants of French officers who commanded on the field at Yorktown during their recent visit to participate in the centennial celebration, in conjunction with the descendants of the colonial officers, was that this government should take charge of and preserve and perpetuate the property, and believing this to be also the sentiment of the American people in general; therefore,

JOINT RESOLUTION

Relative to urging Ohio congressmen to vote for an appropriation for the world's fair.

WHEREAS, The world's Columbian exposition authorized by the act of congress, approved April 25th, 1890, is by the terms of said act, made national and international, and its promotion is for and in the interest of all the people of the United States and to afford an opportunity to foreign governments and their people to join with the citizens of the United States in celebrating the four hundredth anniversary of the discovery of America by Christopher Columbus, by an exhibition of the evidence of the progress made in civilization throughout the world; and

WHEREAS, Said exhibition should be in all respects, scope and plan of such magnitude as the obvious spirit and intent of an act of congress demands and so as to decently comport with the dignity and honor of the United States; and

WHEREAS, Careful estimates of the cost and expense of making the necessary preparation for holding said exposition showed ten millions of dollars (\$10,000,000) would be fully adequate and the said act of congress authorizing said exposition as aforesaid, provided that it should be located at the city of Chicago in the state of Illinois, on condition that the citizens of said city would furnish a suitable site and provide said sum of ten million (\$10,000,000) dollars for the purpose of completing the preparation of holding the said exposition; and

WHEREAS, The citizens of the city of Chicago accepted the terms of said act and have in a patriotic, just and liberal spirit, complied with the conditions thereof, having furnished an exceptionally eligible site and provided more than ten million (\$10,000,000) dollars and made most commendable progress with the work of preparation in accordance with a plan and scope adjudged by the national commission, appointed by the government of the United States to act in that behalf, to be commensurate with the requirements of the act hereinbefore mentioned; and

WHEREAS, The marvelous development in the useful arts and sciences, and the progress made in every department of human endeavor, and the great interest felt and taken by the governments of other nations

and the people thereof, fifty-nine nations having accepted the invitation of the government of the United States to attend and participate in said exposition rendered it necessary in order to meet the ascertained necessities of the occasion and properly comply with the true spirit of the act of congress to greatly enlarge the scope and plan, and increase the facilities for installing exhibits beyond what was at the date of the passage of said act of congress deemed adequate, involving an outlay of at least eighteen million (\$18,000,000) dollars, being eight million (\$8,000,000) dollars in excess of the amount originally estimated and required by said act and which the citizens of Chicago undertook to pay; and

WHEREAS, We are informed that the world's Columbian exposition having immediate charge of the work in preparation for holding said world's Columbian exposition, have petitioned congress to aid in defraying the increased cost over and above the sum fixed by the act before mentioned as sufficient for making complete preparation for inaugurating and holding the exposition, in a manner required by the spirit and intent of said act by an appropriation of five million (\$5,000,000) dollars, said sum to be disbursed by the government on approved estimates; and

WHEREAS, We believe that this national undertaking was conceived in a patriotic spirit, and if conducted in a manner and on a scope and plan commensurate with the dignity and resources of the nation and in harmony with the character and intelligence of our people, great good will result to the citizens of every section and state; and

WHEREAS, The citizens of Chicago having discharged the obligations assumed by them in a manner alike honorable to them and creditable to the nation, it is obviously unjust to impose on that single community the increased and unprecedented [burden] of paying the entire sum of eighteen million (\$18,000,000) dollars to complete a national and international enterprise authorized and promoted by congress in the interest of all the people of the United States, and especially in view of the fact that the citizens of that community guarantee to provide the excess above the five million (\$5,000,000) dollars, making the entire sum provided by the citizens of Chicago, thirteen million (\$13,000,000) dollars; therefore,

Be it resolved by the General Assembly of the State of Ohio, That the senators and members of congress from Ohio be and they are hereby requested to vote for an appropriation of five million (\$5,000,000) dollars or more, if need be, to aid in completing the work in preparation for holding said international exposition.
